

March 13, 2020

Millersburg Area School District Families,

These are unprecedented and trying times, and there likely will be additional challenges ahead for our district, families and community. At a press conference earlier this afternoon, Pennsylvania Governor Tom Wolf has ordered the closing of all Commonwealth schools for a period of two weeks.

The Millersburg Area School District will initiate a closure of schools for all students and staff effective Monday, March 16, 2020 through Sunday, March 29, 2020. The closure affects all programming at the school, including before- and after-school activities, all athletic and extracurricular practices and competitions, weekend events, and any facilities usage.

Further communications will be forthcoming over the next week as the Governor and the Pennsylvania Department of Health continue to monitor Covid-19 in the commonwealth.

With sincere appreciation of your support and understanding,

Thomas J. Haupt
Superintendent of Schools
