

Millersburg Area School District Families,

The Millersburg Area School District will continue to offer all students currently enrolled in the District, Free Grab-and-Go Bagged Meals on Mondays and Thursdays for the duration of the Governor's mandatory school closure. Meals will be prepared by our food service vendor, Nutrition, Inc., and distributed by district administration at the Millersburg High School main entrance from 11 a.m. until 12:00 p.m. Multiple days of lunches and breakfasts will be provided. Lunches will include sandwiches, fresh vegetables, fruit and milk. Cereal and other assorted breakfast items, along with a fruit, juice and milk will be provided for breakfast. Following current federal guidelines, children must be present to receive the free meals.

The District continues to take seriously the precautions issued by the Governor and the PA Department of Health of "Stay Home and Stay Safe". Although this direction from the Governor is not possible during meal distribution, we will continue to practice safe social distancing.

Thank you.
