

Daily Symptom Screening Tool and Information for Parents

799 Center Street Millersburg, Pa 17061/Phone (717) 692-2108/Fax (717) 692-2895

WELCOME BACK TO SCHOOL!

MASD is planning to allow all students to return for in person instruction on August 24, 2020. Families are asked to screen their students every morning before coming to school.

This will include checking your student's temperature every morning and checking for any of the symptoms listed under the section "**Symptoms to Check for Daily**".

If you do not have access to a thermometer, please contact your student's building principal/office.

Following these recommendations will assist in decreasing the transmission of illnesses in school.

Keeping your student home when they are not feeling well will also provide them with the proper time to rest and recover comfortably.

Symptoms to Check for Daily per CDC Guidelines

Temperature of 100.4 or greater
Cough
Shortness of Breath
Sore Throat
Nausea/Vomiting/Diarrhea
Severe Headache
Muscle or Body Aches
New Loss of Smell or Taste
Runny Nose/Congestion

Students with any of these symptoms should stay home.

Please remember to report your student's absence to the building principal/office.

School Nurses

Stephanie Spotts, RN
Middle and High School
Phone (717) 692-2108 x 3153

School Health Website: Go to www.mlbgds.k12.pa.us, then click on the Our District tab, under that tab click on Health/School Nurse

Confirmed or Potential Exposure to COVID-19

Please contact your health care provider for further instruction if you believe you may have COVID-19 or have been in contact with a person that has had COVID-19 or a potential exposure.

Symptoms can appear 2-14 days after exposure per CDC guidelines.

Please contact your student's building principal with your physician's instructions regarding your student's ability to attend school.

Students Sent Home from School that are Symptomatic Based on CDC Guidelines

If your child is sent home from school with 2 or more of the following symptoms: **Fever 100.4 or greater, Cough, Shortness of breath, New loss of smell or taste, and Muscle/body aches**, they may be required to have a note from a licensed, practicing physician to return to school. This will be communicated by the school nurse when the student is sent home due to illness.
