PRE-EMPLOYMENT MEDICAL EXAMINATION

<u>This form is not required for you to be an active candidate. *DO NOT* have the form completed unless you are directed to do so by a recommending administrator.</u>

The Pennsylvania Public School Code requires that persons employed at schools have a pre-employment medical examination, including a tuberculosis test. If you are recommended as a finalist for a position, you will be required to have a pre-employment medical examination. All results must be recorded on the School Personnel Health Record. The cost of the examination and TB test are at the expense of the applicant.

Complete Item I. Take the form to your doctor to administer the medical examination, TB test, and complete sections III, IV and V.

Section II is recommended, but not required. If neither you nor your physician have a record of your immunizations, this may be indicated by inserting, "It is presumed that all childhood immunizations have been administered."

The medical examination shall be administered within six (6) months prior to the date the school receives the form. Per PA School Code, the tuberculin skin test shall be administered within three (3) months prior to the date the school receives the form. Dates of results longer than three months of receipt will not be accepted. Please ensure that a physician signs and dates the form. You should also sign and date the form.
